Hello

Re: Guangwei Wang Aug 2, 1943 Age: 82 yr
647-219-5121 (H)

This patient was last assessed by Dr. Evelyn Wong for poorly controlled diabetes in 2023 and lost to follow up due to patient being in China. Now he is back and will need follow up on his diabetes, high cholesterol and high blood pressure. Please assess and advise of further management.

Yours truly,

Dr. Eng-Soon Chan

Wang, Guangwei**Age 82 yr #79398 Page 1/1**
